in partnership with

Kitchener-Waterloo Multicultural Centre
proudly presents the debut of

Word of the World:

Honouring Folklore Within Our Community

The Sulong Theatre Collective from Toronto will perform 'Future Folk' a jaw-dropping, heart-wrenching play about the Filipino Caregiver and the written and unwritten policies that bind her.

With the beat of his drum our local artist **Nii Addico** will regale us with a traditional tale about Anansi – the trickster spider from his native Africa.

Our neighbour and friend **Rene Meshake** will take us down the Blueberry Rapids or up Moccasin Creek where we might end up having Tea with Joan. Wherever he takes us, we'll have a true Ojibwa experience!
